OUR GROWTH SUCCESS

2025 Started with so many sparks of joy as we had a lot of our activities planned which includes sporting, bbq and outdoor activities

In 2025, our home was filled with energy and laughter! We savored homemade meals, stayed active in the gym, expressed ourselves through creative art sessions, and ventured out on exciting adventures. Most importantly, we strengthened our bonds and created lasting memories together!

VISITED DIFFERENT PLACES

It's a wonderful chance to explore new sights, create lasting memories, and share adventures with friends and caregivers, making us feel connected to the world outside.

GAMING SESSION

!!!

Jack had fun playing a bowling game at The Glades in Bromley. This is a weekly activity he enjoys every Wednesday.

We had a fun and engaging gaming session at Shirley Lodge. It was an enjoyable experience for everyone from Orchard Lodge, and we hope it becomes a regular activity.

Kelvin had a great workout at the gym in Bromley. He attends twice a week and really enjoys exercising to stay fit.
