PALM Lodge

WELCOME NOTE

Palm Lodge is more than just a house, it's a place where people come together, support one another, and feel truly at home. As part of Almond Care, the lodge provides a safe and comfortable environment where each person is valued and respected.

Palm Lodge is home to two female service users, Abigail and Olivia, who each bring their own personalities, interests, and routines to the home. Their individuality helps shape the warm and friendly atmosphere that makes the lodge so special.

Life at Palm Lodge is centred around the people who live there. Abigail and Olivia are supported in a way that reflects their personal needs and goals, while also being encouraged to maintain their independence and enjoy the things they love. Whether it's taking part in activities, spending time together, or relaxing at home, there is always a sense of comfort and belonging.

There is a strong sense of companionship within the lodge, with staff working closely alongside both residents to create a positive, supportive, and homely environment every day.

At Palm Lodge, it's the people that make it special, a place where Abigail and Olivia feel supported, valued, and truly at home.

Abigail Edler

Abigail enjoys getting out and exploring new places, as well as spending time doing the things she loves. She likes staying active and often enjoys visits to the gym, where she can keep fit and feel good.

She also enjoys days out to interesting places such as Leeds Castle and museums, where she can take in new sights and experiences. These trips give her something to look forward to and are a big part of what she enjoys.

When it comes to food, Abigail has some clear favourites. She especially enjoys spaghetti bolognese and mushrooms, which are always a great choice for her.

At home, Abigail has a lovely collection of dolls, which she takes great pride in. They are an important part of her personal space and something she really enjoys.

Abigail's interests and hobbies make her unique, and she brings a warm and positive presence to the home.

Olivia Dyer

Olivia enjoys spending her time taking part in fun and social activities. She especially loves going to the cinema, where she can relax and enjoy her favourite films.

Bowling is another activity Olivia really enjoys. It's something she looks forward to, giving her the chance to have fun and stay active at the same time.

From time to time, Olivia also likes going to the gym. It's a great way for her to keep moving and feel good.

Olivia's love for activities and getting out and about brings a positive and lively energy to the home.
