Hi, my name is Kelvin and I live at Orchard Lodge, which is part of Almond Care Ltd. I am one of the five male service users here, and I really enjoy being part of the home.

I am a friendly and sociable person, and I love chatting with other service users and staff. I enjoy spending time with people and keeping myself engaged throughout the day.

I go to work twice a week, which I really enjoy as it helps me stay active and gives me a good routine. I also like going to the gym regularly to keep fit and healthy.

Meet Jack Clarke,
a very gentle and kind
individual.

He enjoys spending time
playing with his toys and
finds comfort in familiar
activities. Jack values
companionship greatly
and loves being around
others, often seeking
connection and shared
moments with those
supporting him.

I AM JACK CLARKE

HI, MY NAME IS JACK CLARKE. I AM A GENTLE AND EASY-GOING PERSON, AND I REALLY ENJOY SPENDING TIME DOING THE THINGS THAT MAKE ME HAPPY. I LOVE PLAYING WITH MY TOYS, AS THEY HELP ME RELAX AND KEEP ME ENGAGED THROUGHOUT THE DAY.

I really enjoy being around people and value companionship a lot. I like spending time with others, whether it's with staff, other service users, or my family. I feel happiest when I am in good company and sharing moments with people around me.

I have a weekly routine that I look forward to. Every Wednesday, I go bowling, and sometimes I go with Kelvin, which I really enjoy. On Thursdays, I go out to a restaurant with my mum and dad, which is always a special time for me. I also enjoy eating out on weekends and going to the cinema, as I like getting out and experiencing new things.

I like having a routine, spending time with people, and doing activities that make me feel happy and comfortable. Orchard Lodge is a place where I feel supported and enjoy being part of the community.

TRAVIS

WESLEY

I am a friendly and engaging individual who enjoys spending his time playing video games. I am also very interested in history and enjoy talking about historical events and learning new facts.

CARER'S REMARK

Travis is curious and thoughtful, and he enjoys sharing his interests in conversation with others.

Hi, my name is Travis. I really enjoy gaming and spend a lot of my time playing on my PS5 and Xbox. I also have a collection of retro games, which I like to go back to sometimes. I enjoy being in my room where I can relax and play games, and I often play online with my friends, which I really enjoy.

I like having my own space, but I'm also quite independent and sometimes go out on my own to do a bit of shopping. It's something I feel comfortable doing and enjoy as part of my routine.

Another big interest of mine is history, especially the history of Japan. I enjoy talking about it a lot and sharing what I know with others. I find it really interesting and like learning new things about it whenever I can.

Overall, I like spending my time gaming, learning about history, and doing things independently while still staying connected with others.
