THE THREE MUSKETEERS

At Maple Lodge, every day is an opportunity to learn, laugh, grow, and celebrate the unique journey of every individual. Together, we create a home where kindness, respect, and independence flourish.

"I DON'T LOOK FOR MUSIC ANYWHERE ELSE."

"I enjoy listening to music throughout the day, and I love dancing along to my favourite songs. I also enjoy having a cup of tea and a refreshing Coke, which are some of my favourite drinks. I like looking after our home and making sure it is a safe and comfortable place for everyone."

DANIELLE

"I enjoy going out with friends, especially when the weather is nice. Music is a big part of my life, and I never get tired of listening to Bob Marley—I could play his songs all day."

COOKING IS MY PASSION

I enjoy cooking and trying out new recipes. I find it relaxing and rewarding to prepare delicious meals for myself and others. Whether it's a simple homemade dish or something new, I love spending time in the kitchen and sharing good food with family and friends.
